## Magic template

## 1. 휴가를 보내는 경향

**Nothing beats** staying at home during vacations, especially after busy days with heavy workloads. So, I personally prefer to stay at home and spend time with the people I love. I enjoy spending time with my friends **when I get some time off**. cf) have days off When I meet up with my friends, we usually go to one of our hangouts and have lunch or dinner together. There is a Korean restaurant we always go to, so we meet up there when we have time. When we are together, we talk about what we've been doing. We also talk about special events that have happened and life in general.

I also like eating out with my family members. They are always on my side, so I enjoy talking to them. Because my dad always gives me practical advice, I try to talk to him when I struggle over work. Well, that's about it. For me, instead of going somewhere for my vacation, I prefer to spend time with my friends and family.

## 2. 지난 휴가

I remember spending a vacation at home a few months ago. I was very tired from work, so I decided to stay at home and recharge my battery. The next day, I met up with my friend that I don't get to see that much. Because I hadn't seen him for a while, we had many things to catch up. First, we went to one of our hangouts and grabbed a beer. We also went for a second round and drank more beers. I was a bit tipsy but it's always precious to spend time with the people I love. Over some finger food and beer, we talked about what we had been doing during the past year. We also talked about special events that have happened and life in general. Well, that's it. That's all I can think of at the moment. That's what I did on my last vacation.

## 3. 기억에 남는 휴가

I remember when I had food poisoning at home a few years ago. There was something wrong with the food I had that day. It was very tasty and I was in a rush to finish my meal. I think it was some improperly cooked meat that I had in the morning. I felt nauseous. I had stomach pains, vomiting, and even a high fever. So, I had to go see a doctor immediately. The doctor recommended me not to eat anything. I had to take some medicine and get some rest. The worst thing was that I was supposed to meet up with my old friend from school. However, I had to cancel our plan and stay at home. I felt very bad because I knew that I wouldn't be able to see her for a couple of years. Well, I still regret the fact that I couldn't see my friend that day. That's all I remember for now. It was definitely the worst vacation I have ever had.

## 4. 휴가 보내는 방법의 변화

Well, the way people spend their vacations has changed a bit over the years.

For me, I used to spend time with my parents, but now I spend more time with my friends.

I used to eat out with my family members and talked about general issues in our lives. But now, I like spending time with my friends. After a long day at work, we usually go to one of our hangouts and have dinner together. There is a Korean restaurant we always go to, so we meet up there when we have time. When we are together, we talk about what we've been doing. We also talk about special events that have happened and life in general.

That's it. The way I spend my vacations has definitely changed a lot.

## 5. 휴가의 중요성

For me, vacations are very important because they let me do the things I can't normally do.

For example, during the last vacation, I met up with one of my friends that I don't get to see that much. Because I hadn't seen him for a while, we had many things to catch up. First, we went to one of our hangouts and grabbed a beer. We also went for a second round and drank more beers. I was a bit tipsy but I had a great time with my friends. Over some finger food and beer, we talked about what we had been doing during the past year. We also talked about special events that have happened and life in general.

Well, that's it. I personally think vacations are very important because they let me do the things that I can't normally do.
