## Magic template

## 1. 좋아하는 음악 장르, 좋아하는 가수

( !)

I personally like listening to all kinds of music, depending on the situation. Sometimes, I feel like listening to hip-hop because it helps me unwind. Listening to fast songs helps me get in the zone when I'm jogging or working out. Fast tempo songs also keep me awake when I get tired. On the other hand, there are times when I feel like listening to slow songs. Slow songs help me relax after a long day at work. I especially like love songs because they remind me of my first love.

called

One of my favorite musicians is a Korean boy group called BTS. They are one of the most famous musicians in the world these days. Their music videos went viral on YouTube. go viral: People from all around the world have become interested in K-pop because of BTS. They are definitely the most succeeded boy band in the world. They are not only great singers but also great dancers. Every time they release a new album, it becomes a big hit. Well, that's it. I hope more people discover their music.

## 2. 음악을 언제 어디서 듣는지/음악 듣는 기기

I used to listen to music on my MP3 player a few years back. But now, things have changed a lot. Because I have my cell phone on me all the time, I listen to music with my phone. I don't have any particular places where I listen to music.

I listen to music whenever I want to and wherever I am. However, there are some places where I listen to music. I listen to music at coffee shops when I have to concentrate on something. I also listen to music on the move. It usually takes about 20 minutes to get to work, so I usually put on some music on the subway or the bus. I also have music on in my car when I am stressed or feel gloomy. Listening to music in my car helps me feel better.

Overall, I listen to music wherever I am and whenever I want to because I always have my phone on me.

## 3. 라이브 음악 들었던 경험 콘서트

A couple of years ago, I remember going to a concert at the Olympic Stadium. I went there with one of my friends. Since this was my first time going to a concert, I was very curious and excited. It was very special because the singer is my favorite artist of all time and I had never seen him perform in person. The concert began with the singer's powerful dance. I moved to the music while singing the lyrics. The singer sang all of his hit songs and performed his signature dance moves. My friend and I were screaming throughout the whole concert. All the performers on the stage that day were very impressive. It was overwhelming. That's about it. Once again, I still think it was definitely the best concert I've ever been to.

## 4. 좋아하는 가수, 작곡가 비교

There are some similarities and differences between the singers I like.

One of my favorite musicians is a Korean singer called \_\_\_\_\_. She is one of the most famous musicians in Asia. She is not only a great singer but also a great dancer. I like her so much because she is a really amazing performer. I get goose bumps every time I listen to her singing.

Another singer I like is a Korean boy group called BTS. They are one of the most famous musicians in the world these days. Their music videos went viral on YouTube. People from all around the world have become interested in K-pop because of BTS. They are definitely the most succeeded boy band in the world. They are not only great singers but also great dancers. Every time they release a new album, it becomes a big hit.

Well, that's it. The singers I like have some similarities and differences.

## 5. 음악 취향의 변화

I only used to listen to songs from boy bands or girl groups. I didn't care whether they were good singers or not. They were my life back then. But now, things have changed a lot. These days, I personally like listening to all kinds of music, depending on the situation. Sometimes, I feel like listening to hip-hop because it helps me unwind. Listening to fast songs helps me get in the zone when I'm jogging or working out. Fast tempo songs also keep me awake when I get tired. On the other hand, there are times when I feel like listening to slow songs. Slow songs help me relax after a long day at work. I especially like love songs because they remind me of my first love.

Well, that's it. The types of music I listen to have changed a lot.
